Index to *Cervantes: Bulletin of the  
Cervantes Society of America,*  
Volumes 1–20, 1981–2000

---

FRED F. JEHL

This index includes the titles of all articles, notes, reviews, and other pieces from all issues of the journal from its inception in 1981 through the spring of 2000. The journal has been inconsistent in its pagination, using continuous page numbering throughout the volume from 1981 through 1986 and again in 1988, and separate pagination in all other cases. Thus in this listing issue numbers are indicated only for the years or issues with separate pagination: 1987, the special (winter) issue in 1988, and from 1989 to the present.

Hypertext lists containing information similar to what is given here may be found at the Cervantes Society of America web site (<http://www.h-net.msu.edu/~cervantes/csapage.htm>), together with the tables of contents for all issues and a large number of articles and reviews in digital form.
