

MA 154 Fall 2009

Instructor: John LaMaster

Web Sites: John's Home Page: <http://www.ipfw.edu/math/lamaster>
Course Home Page: <http://users.ipfw.edu/lamaster/ma154/f09ma154.htm>

Class Meetings: MWF: 11:00 a.m. – 11:50 a.m. Kettler 216

Office: Kettler 264

Office Hours: Monday and Wednesday: 10:00 a.m. – 10:50 a.m.
Monday: 1: 00 p.m – 1:50 p.m.
Thursday: 1:30-2:20 p.m.
Also by appointment or chance.

Reachable: 481-5430 (office/voice mail)
481-6821 (Math Dept)
481-6880 (FAX)
email: lamaster@ipfw.edu

Prerequisites: MA 153 with C or higher or placement by departmental exam. This course is primarily intended for students who have completed two years of high school algebra.

Objectives: This course serves both as a preparation to the calculus sequences and as a terminal course for students who need only this level of mathematics. Students develop their reading, writing, and questioning skills in an interactive classroom setting.

Content: This course presents the concepts of precalculus from four points of view: geometric (graphs), numeric (tables), symbolic (formulas), and written (verbal descriptions). The emphasis is on the mathematical modeling of real-life problems using linear, exponential, and trigonometric functions. Topics also include vectors, conic sections, and complex numbers . Students develop their reading, writing, and questioning skills in an interactive classroom setting.

Required: The text *Functions Modeling Change, 3rd Edition* by Connally, Hughes-Hallett, Gleason, et al.

An access code for *e-HW* (available behind the counter in the Kettler bookstore)

You will be required to use a graphing calculator for activities and assignments in and out of class. The Graphing Calculators Web Page (<http://www.ipfw.edu/math/resources/calculators.shtml>) can help you obtain and use a grapher. The **TI-83 Plus** or **TI-84 Plus** (or Silver Editions of these) are the *tools of choice*.

Note: You can rent a TI-83 Plus for \$10 at Walb Student Union 225 (481-6586).

Optional: *Student's Study Guide* by Cannon
Graphing Calculator Guide for the TI-83/82 by Carl Swenson

Important Dates

Labor Day Holiday: Monday, September 7
Test 1 (Tentatively most of Chapter 6): Monday, September 21
Fall Break: Monday, October 12 – Tuesday, October 13
Test 2 (Tentatively most of Chapter 7, 8, and 10.1): Friday, October 23
Last Day to Withdraw Without a Letter Grade: Friday, October 30
Thanksgiving Break: Thursday, November 25 – Friday, November 27
Test 3 (Tentatively most of Chapter 10, 11, and 12): Friday, December 4
Final Exam (Rest of Chapter 12 and Comprehensive): Wed., Dec. 16, 2009, 10:30 a.m. – 12:30 p.m.

Attendance/ Participation: Since much of the learning in this course occurs interactively during class time, attendance is vital and is part of the course grade (6.25%). You cannot earn your attendance credit if you are not here for the **entire** class meeting, which means that you are in your seat at the beginning of class and staying until class ends. You are expected to not only attend all class meetings, but participate in your group and contribute to the learning environment of the class as a whole. If you are blatantly not participating in class (such as doing homework for other classes, reading the newspaper), you may be physically here, but this is *worse* than being absent, since it lowers the class morale. To earn complete points for attendance on a particular day, you will be required to do more than just “show up.” For example, you may be asked to answer some questions correctly about the assigned reading due that day or submit work from class activities to earn your participation credit. If you miss a class, use the Web Site to check what you missed so you come prepared to class.

Your group sinks or swims together. It is important that all members of the group participate and learn the material. If all members of your team score 90% or above on a chapter test, each will receive 5 bonus points.

Internet Access: Part of your semester fees went toward giving you Internet access. Make sure your account is activated by next week. Call the Help Desk at 481-6030 if you have questions or need assistance.

Assignments: Homework problems from the text will be regularly assigned, but not collected each day. These problems are to be prepared for discussion during the next class period. Completion of the assignments is essential for understanding the material. Assignments will be posted on the Course Home Page at <http://users.ipfw.edu/lamaster/ma154/f09ma154.htm> so if you miss a class, you can come prepared the next day. However, to be safe, get the phone number of someone else in the class and just call them to see what you missed! **Assignments that will be graded include:**

- **Internet assignments** completed online using *eGrade*. A tutorial is available at this Web site as well. (See the General Course Information for more details.)
- **Writing assignments** that will be given throughout the course over a directed question or topic.

Quizzes: Occasional section quizzes worth 25 pts. will be given, usually announced a day in advance. You can drop all but the top four quizzes. For this reason, there will be no make-up quizzes **for any reason**.

Exams: There will be three chapter exams, worth 100 points each. The final exam is comprehensive. Mark your calendars now: **Wednesday, Dec. 16, 2009, 10:30 a.m. – 12:30 p.m.** Unexcused absences from exams shall result in a score of zero. If an absence is unavoidable and deemed legitimate, you must contact me within 24 hours of the exam (if possible, in advance) in order to schedule a make-up.

Grading:

Attendance/Participation.....	50 pts.
Writing Assignments.....	75 pts.
Internet (<i>e-HW</i>) Assignments.....	75 pts.
Quizzes (your highest 4 scores at 25 pts. each)....	100 pts.
Test 1.....	100 pts.
Test 2.....	100 pts.
Test 3.....	100 pts.
<u>Comprehensive Final Exam.....</u>	<u>200 pts.</u>
Total Points Possible.....	800 pts.

90% -100% (720 pts. or more)	A
80% - 89% (640 to 719 pts.)	B
70% -79% (560 to 639 pts.)	C
60% - 69% (480 to 559 pts.)	D
<60% (Below 480 pts.)	F

If you have a disability and need assistance, special arrangements can be made to accommodate most needs. Contact the Director of Services for Students with Disabilities (Walb, Room 113, telephone number 481-6658), as soon as possible to work out the details. Once the Director has provided you with a letter attesting to your needs for modification, bring the letter to me. For more information, please visit the Web Site for SSD at <http://www.ipfw.edu/ssd/>
