Review tips for Prerequisite Quiz

Here are opportunities for you to review some of the concepts for the upcoming quiz. Click on the link and watch the video(s). There are also practice problems for each topic as well.

Simplifying Exponents

Solving Linear Equations

Evaluating Functions
https://www.khanacademy.org/math/algebra/algebra-functions/graphing_functions/v/evaluating-functions

Equations of a Line in Slope-Intercept Form (2 links)

Solving Systems of Equations

Multiplying Polynomials
https://www.khanacademy.org/math/algebra/polynomials/multiplying_polynomials/v/more-multiplying-polynomials
or

Solving Equations
- Squares
https://www.khanacademy.org/math/algebra/quadratics/completing_the_square/v/simple-quadratic-equation
- Rational
https://www.khanacademy.org/math/algebra/rational-expressions/rational_expressions/v/rational-equations

Zero Product Property
